Collected Knowledge & Wisdom on

Nomics

Provides:

Real-time and historical data on various cryptocurrencies, such as prices, market caps, etc.

Key Provisioning: **Pain factor** (*0=ezpz...5=nightmare*): 0

- Simply request a key by making an account - it is emailed for you
- Follow the directions on the documentation to see how to use it

Quotas:

- No limit on the free user, but you don't have access to all the features

---

The Good:

- Free
- Easy to use
- Well documented, provides a decent number of features compared to other, more expensive/limiting APIs
- Supportive staff with a appealing mission statement/goal.

The Bad:

- The features provided are basic and anything more complex requires payment

The Ugly:

- Gets expensive if you want to use other features
